1983 Robert Mondavi Winery Cabernet Sauvignon

The Robert Mondavi Winery is the best known winery in California, and with good reason. The late Robert Mondavi was Napa Valley's most passionate ambassador and the maker of some of the valley's very best wines. His Italian immigrant parents moved from Minnesota to Napa Valley to grow fruit, and by the 1960s they owned and operated the Charles Krug Winery. Robert left the Krug winery and struck out on his own in 1966. He was determined to make fine wines—not the jug wines California was mostly known for at the time—and by the 1970s his Cabernet Sauvignons were impressing connoisseurs in the U.S. and Europe. Today the winery is no longer owned by the Mondavi family, though its wines continue to win high praise. This wine has a nose of black and Kalamata olives, green and black pepper, spiced black tea, pickles and also notes of dark chocolate. On the palate, fined down tannins, the acid is crisp and pronounced. Sour cherries and sweet dried currants linger in the background. Elegant, complex, with pronounced earth and herbal tones.

Kestrel Falcon Series

Every grape from Kestrel View Estate is tended to and intended to be blended into its Signature Series in a first growth Bordeaux House mentality. Take home three of the Falcon Series tonight: the Tribute, the Estate Sangiovese and the Merlot! The 2012 Tribute Red is black with dark crimson edges. In the aroma you will find ripe dark fruits such as cherry, pomegranate and blueberry. These fruit flavors are accompanied by dried herbs, cola, caramelized fruit, white pepper and floral aromas. The 2011 Estate Sangiovese is garnet in color with deep red accents at its margins. It possesses aromas of cherry, cassis, elderberry, pomegranate and dried herbs. On the palate you will experience an extremely full bodied, balanced Sangiovese, with notes of vanilla, cedar and toast. Because of the naturally high acidity of Sangiovese it is a perfect accompaniment to food. Finally the 2010 Merlot is black sapphire in color and has multiple layers of ripe red fruits and dark fruits such as raspberry, sweet cherry, dried cranberry, red currant, blackberry, elderberry and plum.

Half Case of Cabernet Sauvignon

In the 17th century in southwestern France, an accidental breeding occurred between a red Cabernet Franc grape plant and a white Sauvignon Blanc grape plant and thus was born the most popular grape among American wine drinkers: Cabernet Sauvignon. Cabernet Sauvignon is a red grape varietal known for its thick, durable skin, and the vine's resistance to the elements. Take home six bottles of this hybrid from such vineyards as Starmont, Freemark Abbey, Arrowood and Powers to see if this was truly an accident or a miracle!

A Bouquet of Rosés

Rosé happens when the skins of red grapes touch wine for only a short time. Where some red wines ferment for weeks at a time on red grape skins, rosé wines are stained red for just a few hours. The winemaker has complete control over the color of the wine, and removes the red grape skins when the wine reaches the perfect color. As you can imagine, nearly any red wine grape can be used to make rosé wine, however there are several common styles and grapes that are preferred for rosé. Take home this six bottle bouquet of Rosé and enjoy the flavors of red fruit, flowers, citrus, and melon, with a pleasant crunchy green flavor on the finish similar to celery or rhubarb.
